Founded in 2015, Jordan Oil Terminals Company (JOTC) is a private shareholding company, wholly owned by the Government of the Hashemite Kingdom of Jordan.

JOTC is the first independent, open-access storage provider in Jordan offering world-class storage, handling, for local and regional clients in the petroleum industry.

To ensure that its services are provided on a fair, reasonable and non-discriminatory basis, JOTC abstains from purchasing, selling or trading petroleum products in the local market; hence, guaranteeing its status as an independent storage provider.

The vision of JOTC is to be the most trusted and preferred logistics services provider to the oil and gas industry in Jordan and the Levant, and to maximize long-term return to its shareholders.

The mission of JOTC is "We are a profit-making company, established to ensure the security of fuel supply and promote a competitive petroleum products market in Jordan. We provide our customers, from the private and public sectors, with safe, reliable and efficient logistics services (storage, and transportation), in a non-discriminatory manner, and according to the international industry standards by investing in our intellectual capital, building and operating world-class terminals in strategic locations across Jordan.

JOTC offers an integrated set of oil storage and logistics services across Jordan. Additionally, JOTC operates and maintains its storage terminals to meet regulatory and international standards.

JOTC seeks to continuously enhance the company's sustainability strategy through several aspects; corporate governance, employee sustainability, occupational health and safety and environmental protection and social impact and citizenship.

JOTC provides storage and handling services through an unrivalled array of services for local and regional customers. The wide variety of liquid bulk products that we can store attracts customers that

produce or trade more than one type of product.

In addition to that, JOTC provides Strategic Stock Management services by serving social and national security goals. The Government of Jordan has entrusted JOTC to store and manage its strategic stock of petroleum products as well as the oil marketing companies' stock as their requirements.

Relationships and trust are the foundation of everything that JOTC does. Its customers entrust JOTC not only with their products, but also their aspirations and their plans for the future.

JOTC has terminals in Amman and Aqaba. The Amman Strategic Terminal for Petroleum Products contains 14 storage tanks for petroleum products of 400 thousand CBM capacity, and 8 LPG spheres of 18.8 thousand CBM total capacity. The Aqaba Oil & LPG Terminal contains 6 storage tanks for Petroleum products of 90 thousand CBM total capacity and 3 LPG spheres of 11.25 thousand CBM total capacity.

Aqaba Heavy Oil Terminal is a reliable terminal that has 5 fixed roof tanks with a total capacity of 210 thousand CBM.

The core values of JOTC include a commitment to Health Safety Security Environment and Quality (HSSEQ), being customer oriented, courage, lean teamwork, integrity and responsibility.

Regarding Health Safety Security Environment and Quality (HSSEQ), JOTC is committed at all levels to protect the ecological system, and the health and safety of its employees and partners, by following international standards and procedures.

JOTC is a customer oriented company, which understands its customer's needs, treats them equally and cares about sustaining a collaborative relation with them; by working hard to keep them satisfied by the quality of its services, and the high response to their requests.

The JOTC team has the courage to provide the company with innovative ideas, to

assure continuous development, and adaptation and is open to accept new ideas, changes, and continuous learning. Lean teamwork means that all work as a one productive team, with stakeholders, to sustain the company business and to serve customers; whereby flexibility and agility is considered in all decisions, operations and daily practices. Integrity and Responsibility mean that the JOTC team is engaged, and its efforts are aligned with its vision, and strategic objectives. JOTC considers ethics, fairness and professionalism in all decisions and processes. Mutual respect is the base during its interactions, and communications with stakeholders. JOTC is devoted to its duties, shows responsibility and accountability, and acts as a leader during its work.

JOTC is here to provide you with more information, to answer any of your questions and to create an effective solution for your storage needs in Jordan and the MENA region. ■
